Austral Public School is an “Allergy Aware” school.

Dear Parents and Caregivers,

Some students are highly allergic to nuts and nut products. If they come into contact with these foods they will have an anaphylactic reaction, which can be life threatening.

The school has a number of strategies to help provide a safe and supportive environment for our students at risk of an anaphylactic reaction, including seeking community support. We request parents avoid sending peanut butter, Nutella and similar spreads, or whole nuts to school. We provide support to all students to be aware of a nut allergy, and their contribution to providing a safe environment including not sharing or touching others’ food.

We ask that families keep us regularly updated about student’s medical needs.

Kind regards

Jan Rogers
Principal
